FOREWORD

It is a comfortable feeling to be among friends, a warm glowing contentment as soothing as the summer sun. Here at Fulton High we bask in this friendly atmosphere each day in the year—this atmosphere of friendship so close to our hearts.

In creating this volume of the FORUM we have tried to store within these few pages that which will be a treasure-trove in the future years. May we look back on these happy days and still feel the bonds of friendship that linked us so closely together in the days of auld lang syne.

Our Farewell

Gently, so gently they're stealing away,
One by one they're flying,
Days that we've all spent happy together,
Vanishing and slowly dying.

High school days that, passing, leave memories,
Memories none will forget,
Laughter and faces and voices,
Friends so dear that we've met.

Now as the end is approaching,
Minutes seem to fly,
Wonder how many of us are ready,
To part and say good-bye?

Paths for some have been easy,
Others struggle far in the night,
Mastering laborious, difficult subjects,
Winning the challenging fight.

These last visions to our eyes will be sacred,
Seen in a misty light,
Aims and ideals we learned at Fulton,
And friends we love with our might.

When from Fulton friends we have parted,
And different paths we have trod,
May we be in the end united,
At the golden bar of God.

Who's Who

BEST STUDENTS

The Senior Class did well in choosing Dana Burnett and Donald Rustin as its best students. They are both outstanding in scholarship and find time to take part in school activities as well. They are members of the National Honor Society and Junior Civitan Club, and make good marks in all their studies. We believe that they are best suited for this honorable title.

MOST VERSATILE

The most versatile students are the students who take part in sports, are good in their studies, and are engaged in some of the activities of the school. Eloise Eavenson and Roy Martin are the most suitable for this position. Eloise is a member of the National Honor Society, is on the Honor Roll, Junior Civitan Club, and is a Varsity forward on the Basketball team. Roy is in the Junior Civitan Club, is good in his studies, and is quarterback on the Football team, guard on the Basketball team, and centerfielder on the Baseball team.

Who's Who

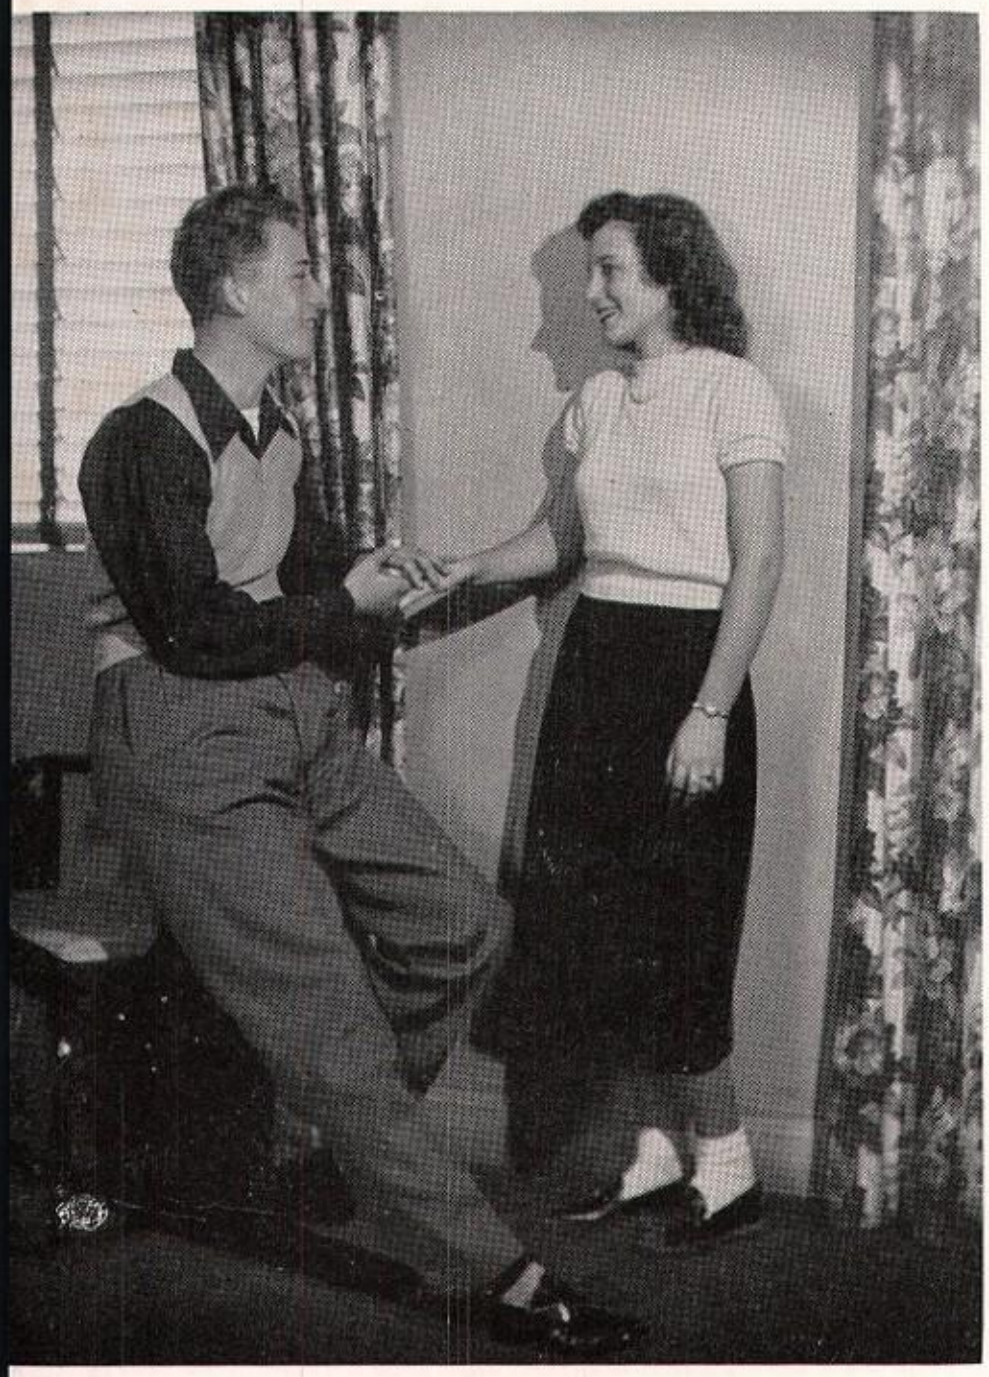
MOST DEPENDABLE

The Most Dependable post is the hardest position to get. There is not a shadow of a doubt that Betty Humphrey and Russell Ray deserve it. They are always trying to help others. Betty is on the FORUM Staff, in the Junior Civitan Club and also National Honor Society. Russell is the Editor-in-Chief of the FORUM; he is in the National Honor Society and the Junior Civitan Club.

MOST POPULAR

It is always hard to pick the most popular students but it wasn't very hard this year because everywhere you see Joan Lee and Tommy Vaughan there is a crowd around them.

Who's Who



PRETTIEST GIRL AND BEST-LOOKING BOY

Of all the Who's Who honors, being elected the prettiest girl and the best-looking boy is one of the best. The race was a close one, but after you see Betty Ruth Randall and Murray Florence you will say they deserved the victory.

DAINTIEST AND BEST GROOMED

The students at Fulton High every year pick the two students who dress most attractively. This year they made a wise choice in picking Peggy Buice and Bobby Dawson because they always wear the latest in styles.

Who's Who

MOST ATHLETIC

The most athletic students must participate in the various major physical activities of the school. They must show good sportsmanship and have plenty of pep. Margie Boyd and Herbert O'Neal are just right for this position. They are both varsity players.

JOLLIEST

School is a place in which one is to gain an education, but there is not a person at Fulton who wants too much weight on his shoulders because "weight is what broke that wagon down."

If ever you want a lift just get in a conversation with Elizabeth Turpen or Jimmy Burton. Before you know it, you will be laughing and soon forget your troubles.

Elizabeth Turpen and Jimmy Burton well fit the title, "Jolliest Boy and Jolliest Girl."

DISTRIBUTIVE EDUCATION CLASS

The D.E. Class is a club and class combined. The students of this class call themselves the D.E. students because D.E. means Distributive Education, and Distributive Education means learning something and putting it into use at the same time.

The students learn about business operations and also learn how to express their ideas in speech and how to put them into action.

What the students learn in D.E. also helps them in their other subjects. The subjects in this class learn about the business world because they have a job in the afternoons with some retail establishment.

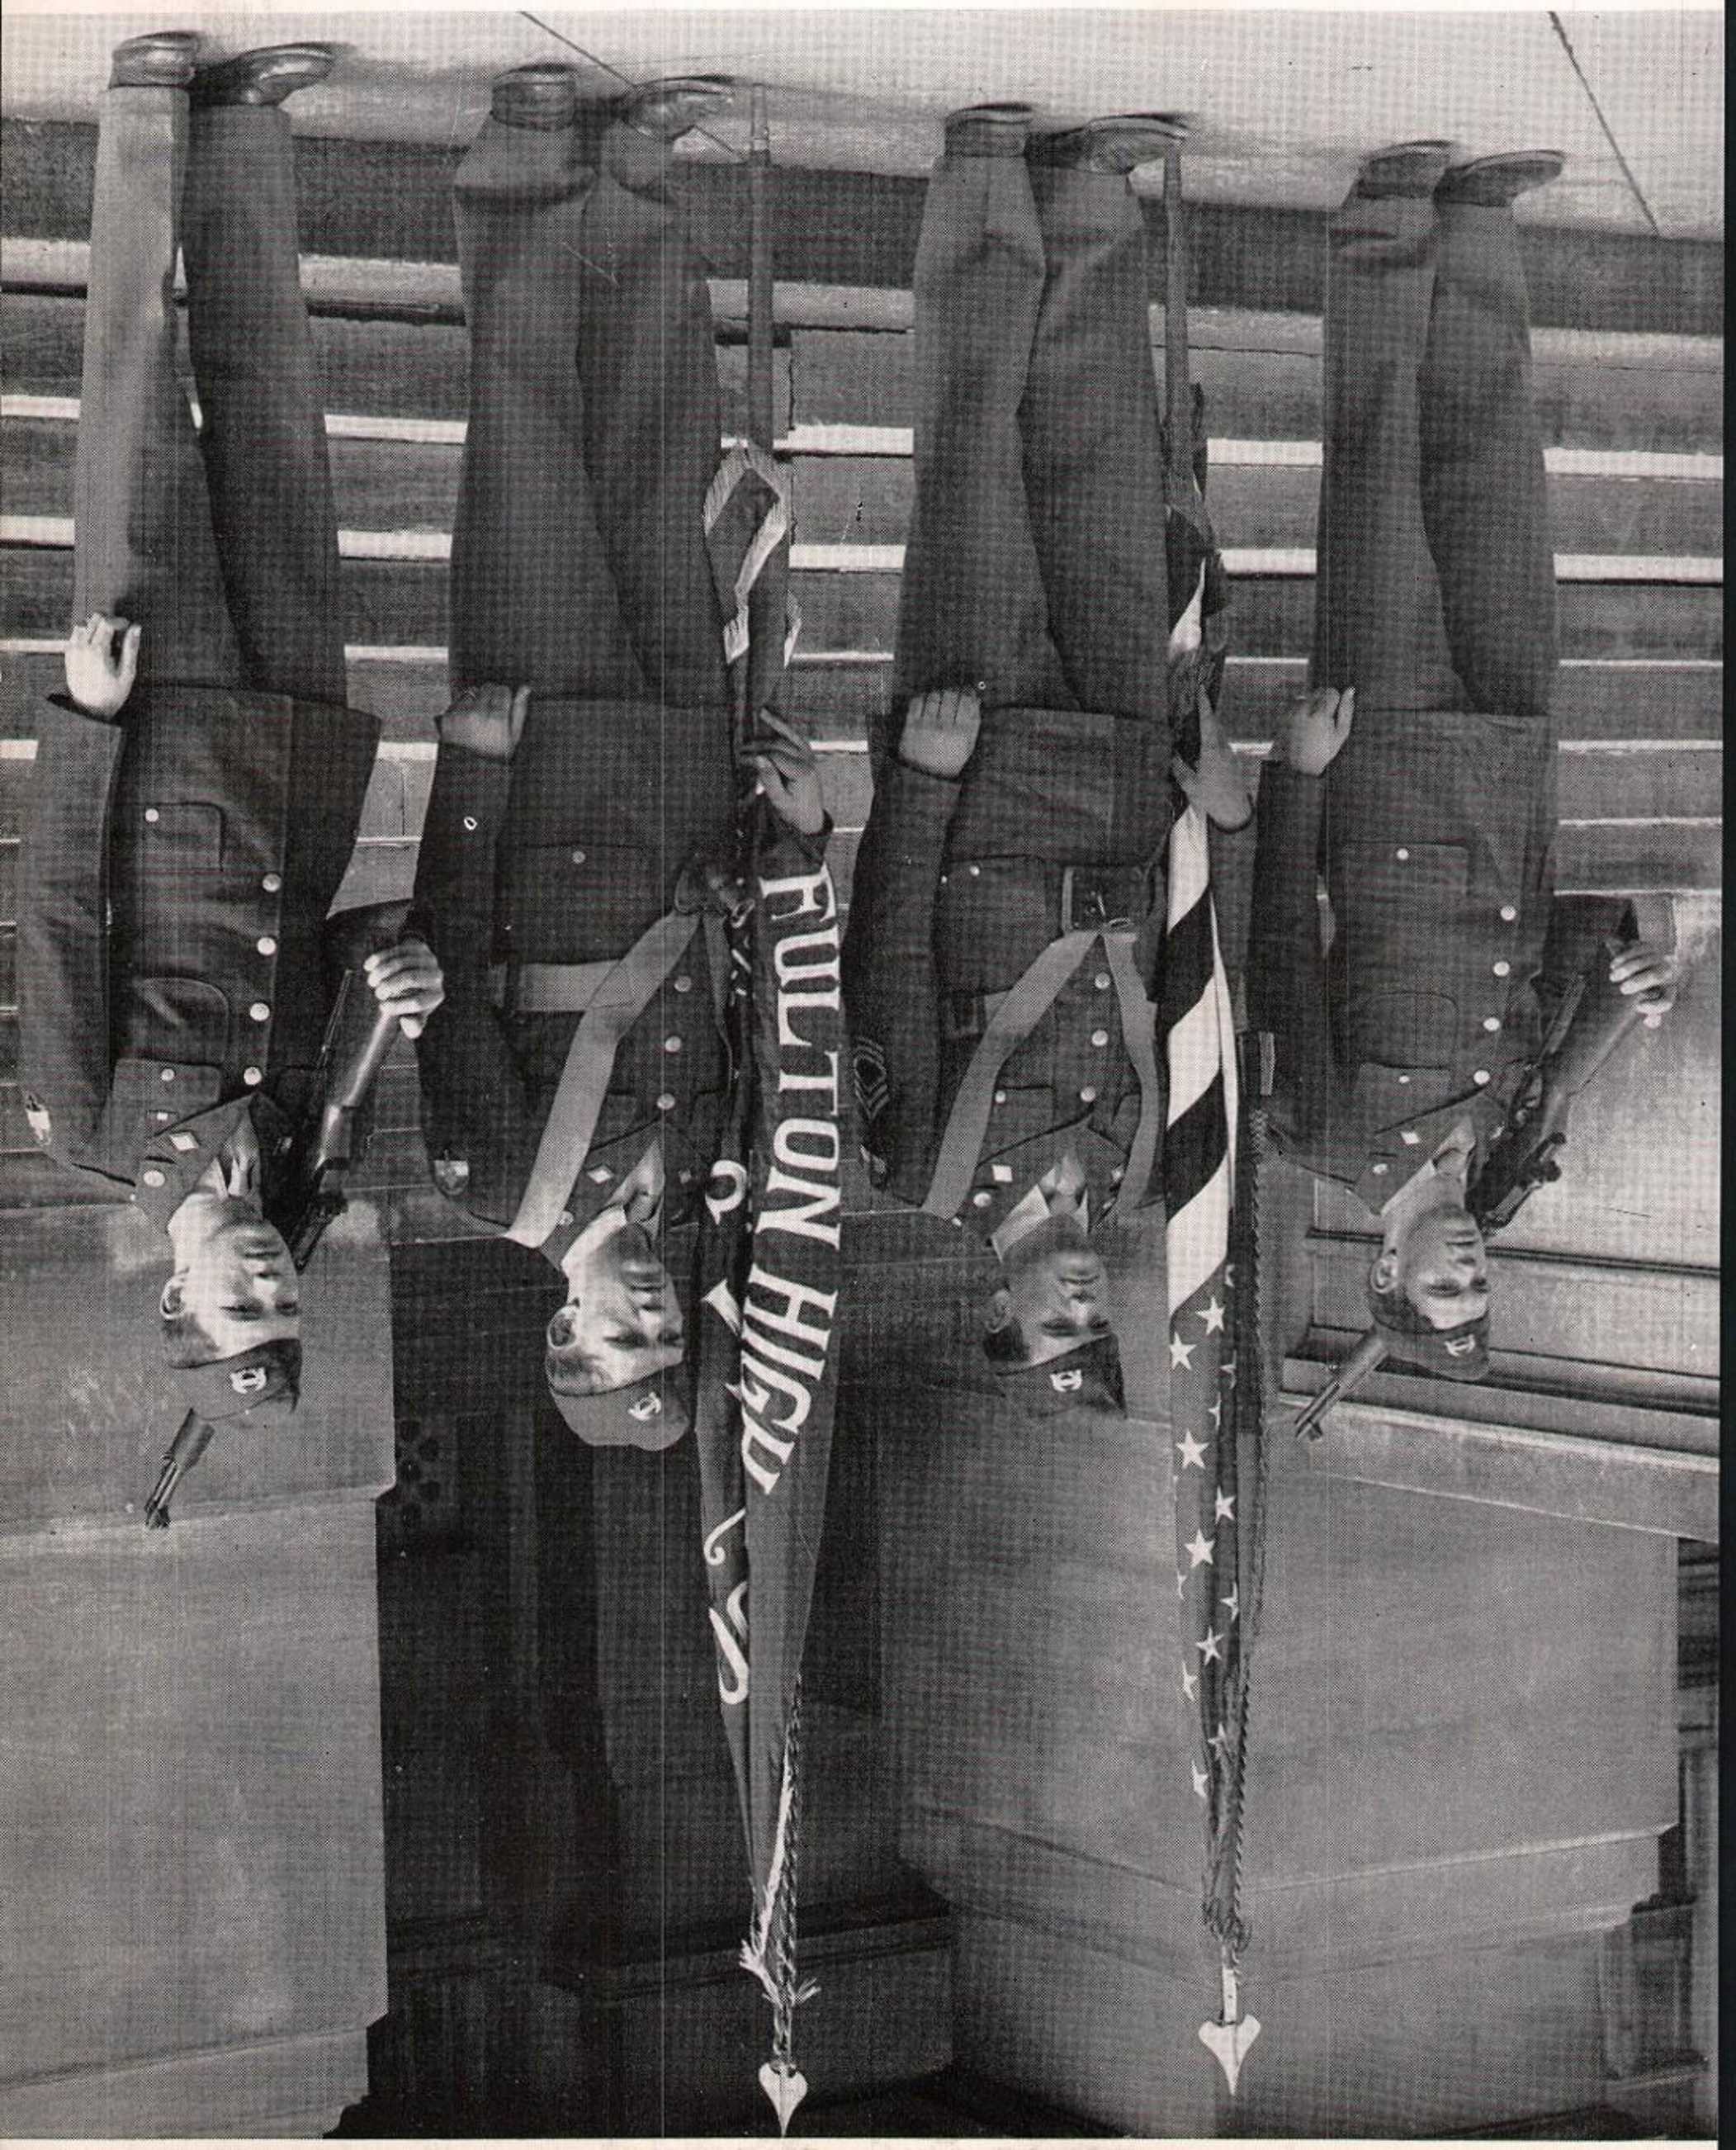
FULTON HIGH



FULTON HIGH R.O.T.C.

LIEUTENANT COLONEL ALBERT N. WARD
Professor Military Science and Tactics

CAPTAIN DANIEL F. ROOKS
Assistant Professor Military Science and Tactics

For 32 years Fulton High has had an outstanding military unit. It has won an almost unbroken line of honor school ratings. If a school is judged by its military unit, Fulton is surely tops.

The boys are trained in courtesy, drill and command. This training not only helps them in actual combat but in future everyday living.

When the end of the term draws near, two big events take place in which the school responds wholeheartedly. One of these is County Competition in which Fulton participates for top honors. The other is Federal Inspection Day when the unit is judged by inspecting officers to see if it gets an honor rating. The honor school symbol, the familiar red star, is worn proudly on the R.O.T.C. uniform.

JOE SULLIVAN
Business Manager

The FORUM Staff has a tremendous job. First of all, planning the book. Getting the ideas is the big task. Weeks were spent on going over good annuals, getting suggestions, choosing a theme, and working it out through the book. Next came picture schedules and pictures. The ad campaign was on in full force at this time and the staff worked on that as well as the plan for the book.

Next came the routine work: identifying the pictures, doing the writeups, sending pages to the printers and engravers, typing the ads and correcting the spelling. Except for the advice given by the faculty, the FORUM is purely by the students of the school.

BOYS' BASKETBALL

BILL CHONKO, *Coach*

The Fulton boys, with Chief Chonko taking over the coaching responsibilities, came up this year with one of the most successful teams in the history of the school. Eight members of last year's varsity were back to try for starting berths on this year's team. After losing the first game of the season to Russell by a narrow margin, the Redbirds settled down to play winning ball in almost all of their remaining games. They never gave up, even when the odds seemed to be against them, but put all of their ability and strength into the game, playing the kind of ball that usually overpowered their opponents.

This year's team had many outstanding players. Henderson Rainwater, who tops the list of scorers for Fulton, also heads the N.G.I.C. scoring list. He tallied more than 484 points during the season. Roy Martin and Harry Goss were outstanding on defense, while Milton Martin and Tommy Vaughan held down the pivot spot with notable success. Dwight Strickland, with the able assistance of Johnny Hunt, held down the other forward spot, and Herbert O'Neal alternated with Roy and Harry at the guard posts. Everybody worked hard to win all the games and it was through good sportsmanship and teamwork, as well as individual abilities, that the boys were able to achieve such a clean record.

In the Fifth District tournament, the team went all the way to the championship by defeating Lithonia, Tucker, West Fulton and Stone

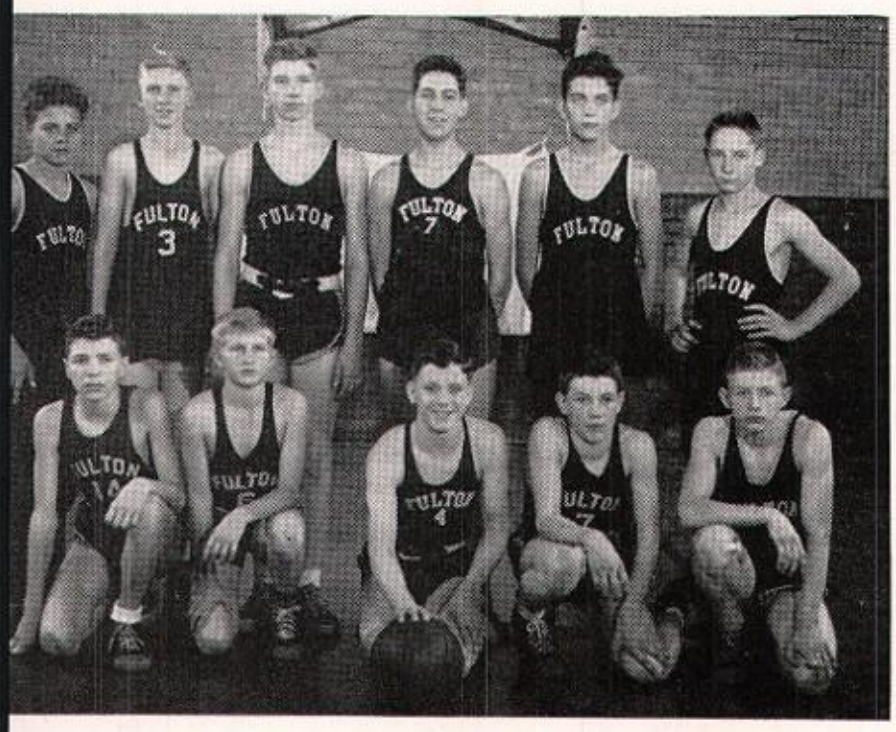
Mountain. After throwing Lithonia in the first round, the boys clashed with a strong Tucker team and finally came out victorious in a double overtime period. West Fulton gave them another scare, but Fulton refused to give up and overcame them in an overtime period. In the finals, Fulton had another strong team to face. It was rough going all the way, but the Fulton quintet was determined to win. With two minutes to play and a scant two-point lead, the boys froze the ball and kept it until the final whistle blew. This is the first time Fulton has ever won the trophy, but all Fulton is looking forward to another next year.



C-TEAM

BASEBALL

BILL CHONKO, *Coach*

Fulton had a fairly good season last year and won about half of its games. They were hampered by lack of pitching. They had one good pitcher in Milton Martin, but he had to pitch twice a week and had little relief.

Fulton had three All N.G.I.C. players: Roy Martin, center field; Harry Goss, second base, and Bobby Ward, catcher.

Roy Martin was a fine fielder, making many starring catches and also was a good hitter who batted very high.

Harry Goss was star around second base. When a ball came his way you could count the batter out. Harry was cool at the plate and batted up high.

Bobby Ward was the best catcher in the league. He knew his business behind the plate and like the others, he could hit, too.

Fulton also had good players in Joe Sullivan, Herbert O'Neal, J. F. Bryans, Dwight Strickland, Jack Callahan, Billy Morris, Johnny Hunt, Charles Simpson, Buddy Davis.

In the team for 1949, Joe Sullivan, star shortstop, is expected to switch to pitcher to aid the pitching situation.

Harold Sullivan, who was ineligible last year, will play shortstop.

Tommy Vaughan will play first and J. "Trippi" Burton is expected to play a lot at the hot corner.

BASEBALL

Oh, Baseball is the sport for me,
It's fun to play and fun to see,
It isn't hard to play at all,
If only you stay on the ball.

When flowers bloom, you know it's time
To find your glove and make it shine.
To get your shoes, and tighten the cleeks,
(They look like you've been wading creeks!)

A crack of the bat and you're away.
Around the bases as easy as play,
And back to the bench to rest a while,
So next time up you'll hit a mile.

Then out in the field to catch some flies!
You miss a few, for the sun's in your eyes.
The umpire, though the rightful boss,
Will sometimes cause you quite a loss.

When summer's gone and winter's here,
There's no more baseball for this year.
So oil your glove and put it away,
To find it again on a summer day.

MINOR SPORTS

This is a program that allows students who do not participate in the major sports to have a form of recreation. It includes volleyball, horseshoes, touch football, homeroom tournament in basketball and many others. Points are awarded and honors given at the end of the year. They are classified into three groups: Honor, Superior, and Award Athletes.

There is no tackling allowed in this game of touch football, but it is still a lot of fun.

The Athletic Representatives have the important job of keeping the points made by each person in the homeroom. These points are given for baseball, basketball, football, and the various minor sports.

Y-TEENS'

PURPOSE

To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians. In this endeavor we seek to understand Jesus, to share His love for all people and to grow in the knowledge and love of God.

SONG

If we can grow as simply as common
blades of grass,
Both tall and straight as trees
grow to the sky
Then we can learn to know, to
know and understand
Ourselves and others—what we do
and why.

If we can grow in thinking as
broad as all the earth,
Make tasks at home enlarge our world
wide goal:
Grow out of little dreams, take
all into our plans
Our country will be loved from pole
to pole.

If we can learn to realize
the one who loves the world,
Feel friendship with all
seekers after Him;
Live justly and with mercy,
walk humbly every day—
We shall spread a light that
never will grow dim.

If we can stand for freedom
for all from every fear,
Be healers, helping folds to
understand—
We'll be the good companions
of those who've led mankind
Bring out the best of every
race and land.

We, the younger generation, are
striving now to build a better world.
Peace and unity, freedom and brotherhood—
These we have set to be our goal.

What's in a Name?

We naturally look for the maker's name on a manufactured article to determine its worth.

The average person is impressed by an appearance of quality, or the lack of it, but he verifies his appraisal by observing the trade-mark or imprint of the maker.

Fine products are identified by the name of the producer. The "*Stevens*" imprint on engraved stationery has earned an enviable reputation throughout half a century's experience. When considering the purchase of engraved stationery, consult this establishment.
